**LONDON-** The Ministry of Foreign affairs today announced the Government has accepted the recent armistice from Italy as a basis for provisional agreements for the remainder of the war. The Italian Ambassador has been invited to Whitehall for Consultations. Meanwhile Britain remains dedicated to the obliteration of France.

Sorry to be so late, but I've just had the splints removed from around my right hand, just this last week, and it is almost impossible to type or use the machine with just the left hand.

Germany can build in Berlin only, Italy Has Rome or Naples, Russia has three Builds and Sevastopol is Occupied, therefore can build in Warsaw Moscow and St. Petersburg (I already have the Russian Builds) Therefore I ask all players to submit thier Spring moves along with the Winter Builds.

ST. PETERSBURG TO BERLIN:-Italian sovereignty must be respected or the Russian steamroller will roll.

ST. PETERSBURG TO HOME: Hows that?.

SEVASTOPOL :-The Russian 9th Army arrived in this City rather tired from its two consecutive marches across the Caucasus. There has been some muttering as to the sanity of the Supreme Command.
